## CONDITIONS OF SALE.

**Please Read Sale Terms Before Bidding.**

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per PIECE, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached $2. no advance under 10c will be accepted on any lot containing one piece; after $5.00 the bid must advance 25c each time; after $10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

**Be sure you bid on the lot you wish to buy.** We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

**A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.**

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

**Important Notice.** We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**

**No priced catalogue will be furnished of this sale.**

## INTRODUCTION

The announcement of the retirement of S. H. Chapman, Esqr., from the ranks of the numismatic dealers came as a surprise to the writer and must have surprised many of his customers, the numismatists of the country. From the earliest times an advocate of historical and archaelogical coin collecting, and as one of the originators of the American style of cataloguing, giving classified headings, he takes rank as a pioneer among our modern numismatists. His careful catalogue work covering a long period of years, with his splendid photography show he has few numismatic peers. His interest in the artistic side of ancient numismatics, and his long study of this branch are to his credit, and he has always tried to discourage mere date collecting. He retires gracefully, not broken down in health, as most men retire, but able to stand erect and walk as a young man. We wish him the best of luck.

The S. H. Chapman collection, which Mr. Chapman himself determined to have us handle for him, during his present sojourn in Europe, has many fine pieces in it, both ancient and modern. Collectors will find listed in the catalog many superb Greek and Roman Coins, and each coin is guaranteed to be authentic and antique. Of the ancient coins there are several hundred varied lots of all grades, to suit the wants of all classes of collectors.

In more modern coins there is a fine line of English including Early British and Anglo-Saxon. William I, Elizabeth, Oliver Cromwell and later rulers are included, with a fine series of the Georges, including patterns and many pieces in the best condition. Scotch and Irish Issues are listed, together with a few British Historical Medals. The French range from Louis I to modern times. A fine line of the various European coinages follow, including gold, and a choice line of early Italian coins.

The American series includes some nice Colonial and Continental Coins, Fugio Dollar, Fugio Cents, Immunis Columbia cent Pattern, Higley Three Pence, New York, Connecticut, New Jersey and other state issues, Fine Washington Coins and Medals.

The American section contains many fine gold pieces, from Half Eagles down to Dollars, with a large number of the latter denomination. The Private Gold includes a Wass Moliter & Co. $5 piece and California Halves and Quarters.

In United States Silver we note a fine line from Dollar to Three Cts. The early dates of dollars include 1794, 1851, 1853 the latter brilliant proof, and the 1858 dollar in a proof set, together with nearly a complete line down to modern series in the best state. Fine Half and Quarter Dollars add to the interest, with very choice quarter dollars of 1796 and 1804. The series in almost all denominations is complete in later dates. Some choice early dimes and half dimes, with rare dates. The Half Dimes of 1795, 1797, 1801, and 1803 are very choice. Of the smaller coins there is a wide variety of offerings, many in duplicate in the best state, affording the dealers an unusual opportunity to complete stocks. There are several U. S. Cent Collec-

tions, with many fine pieces of all dates from 1793, with Chain varieties in very fine state, 1799 and 1804, and a large offering of later dates. The U. S. Half Cents include choice 1794s, 1795s, 1797s, 1841, 1848 and many intermediate dates in the best condition, with duplicates uncirculated and red.

United States Proof Sets are about complete from 1856.

The Medal Collection is large with a large number of George Washington and a good General Collection of American, Historical, Military and Personal Subjects.

There are a large number of Foreign medals of all sizes and upon many subjects, a few in silver, but mostly in bronze. Medal collectors will do well to give this collection attention, as some of these medals Mr. Chapman collected many years ago and must have appealed strongly to him due to their artistic beauty and rarity.

There is a collection of Numismatic Books and a Large Lot of U. S. Fractional Currency to interest collectors of the same.

The large offering of over 2500 Lots is put into three sessions and is to be sold on **May 20th, 21st and 22nd., Monday, Tuesday and Wednesday,** and dealers are invited to attend from a distance. We believe this effort on their part will pay them. There is positively no restriction on the sale. Mr. Chapman will not be present, and has not left a bid on a lot. All will be sold and each bidder stands an equal chance with the others.

Please read our sale terms. This is not an approval sale and while we will adjust just complaints we will not allow collectors to return lots from the sale due to their own errors in bidding on a wrong lot and other like reasons.

Those attending the sale are requested to examine lots on delivery to confirm that they are correct, as no corrections can be made in delivery after the lots leave the desk.

No lots will be put up out of their order, and no lots exhibited during the progress of the sale. The cataloguer reserves the right to say whether a lot will be resold or put up again due to a room controversy. Those who do not mean to comply with these requirements are asked not to bid at the sale. Don't be afraid to bid. We have been holding sales since 1903. We are not tyros in the auction business. We will have one more sale to offer this present season, at the latter part of June.
